Venturing into post-secondary study is an important decision that requires a great deal of planning. Part of formulating that plan is determining the sources to finance post-secondary education. Loans, bursaries and scholarships all provide avenues which contribute to making educational opportunities available to all Albertans.

This publication deals with one of these avenues - **Awards and Scholarships**. It is designed to be used by counsellors as a resource in helping to inform Albertans who are planning to enter the post-secondary system. The scholarships listed represent awards sponsored by the Government of Alberta as well as business, industry and individuals in the private sector. Most of these awards require a certain level of academic achievement on the part of the applicant.

Produced as a general guide, this booklet may not include all available awards. Students are encouraged to contact the awards office of their educational institution for information about awards and scholarships.

Requests for information and clarification regarding each award should be directed to the contact and address listed for each scholarship. Information about scholarships not contained in this publication but which may be considered for revised editions should be directed to:

Alberta Educational Opportunity Equalization Grants

Value: Up to $2000

Conditions & Criteria: Grants intended to help offset additional costs may be provided to dependent students whose program of study is not available within normal commuting distance of their parents' home. Candidates must demonstrate financial need to the Students Finance Board. The grant forms part of the student's total award.

Supplemental Assistance Grants

Value: $2500 maximum per academic year
Further grants may be available for students enrolled in programs which are longer than the normal academic year.

Conditions & Criteria: Undergraduate students who have demonstrated a need for assistance which exceeds the $5300 loan maximum per academic year may be eligible for this grant. Students enrolled in a professional program (such as Veterinary Medicine, Medicine, Law, Dentistry, Optometry or Chiropractic studies), a faculty of graduate studies, or students enrolled in private vocational school programs of less than four semesters in duration, are not eligible for this grant.

Maintenance Grants

Value: $6000 maximum (8-month academic year)
$9000 maximum (12-month academic year)

Conditions & Criteria: These grants are available to students with physical, mental or social handicaps and who, in the opinion of the Students Finance Board, require special assistance. Students considered for these grants include special needs groups, such as single parents, disabled persons, and individuals of Native ancestry. Support is normally limited to a maximum of four years of undergraduate study as the grant is designed to ensure that students have a chance to acquire undergraduate degrees. During the first three years of study, students are normally expected to take full advantage of student loan programs before accessing the grant. During subsequent years of study, students may not be required to take the maximum loan before receiving Maintenance Grant. Throughout the program, students are eligible for remission benefits.

Bursaries for Part-Time Students

Value:	Maximum $300 per semester
Conditions & Criteria:	Part-time students who are enrolled in courses (including adult further education courses) approved by the Students Finance Board may be eligible for these bursaries. Awards are made on the the basis of financial need, as determined by the Board, and intended to cover the costs of tuition, books, babysitting and travel (if required).
